

**Miami-Dade and the Keys Intergroup (MDKIG) Inventory Review
December 29, 2022**

Participants: Chair: Terri Vice Chair: Andrea Secretary: Cheryl
Past Chair: Gary **Outreach Chair:** Lisa **Presenter:** Mary

Sponsor a 16 week Step Workshop that would end with calls to service.

Find translators and tech support to enhance communication.

Mary reviewed the completed inventory and made recommendations for the following actions that can be taken:

See Region 2 Inventory that was posted on their Website - members may download the inventory and send it back.

Have a Road Show: (Members of Intergroup could pair up and attend meetings in which they will ask for member's emails and collect them for further membership contacts, to ascertain what they want and need, or just discuss wants and needs at the meeting, and invite them to do service.) Setting up a literature display would be an example, as well as 15 Questions. Emphasize the concept that "Service is the way we stay healthy". Invite members of various meetings to choose topics for workshops, through the survey or when at the meetings.

Sending out an End of the Year Blast would be an immediate and helpful idea.

It was suggested that we use the word "contribution" rather than "donation" when referring to the 7th Tradition in meetings, as this implies a form of service rather than obligation.

Renew the tradition of having new sponsors (as well as all sponsors) stand up at meetings and state if they can take a sponsee.

Convince members that every meeting needs a Group Rep. and everyone that gets through Step 12 should take a sponsee.

Next meeting: Saturday, January 7, 2023, at 1:00pm.
