

# THANK YOU

*Miami-Dade and the Keys Intergroup would like to thank you for attending this year's Convention, "Zooming Into The Fourth Dimension."*

*The pandemic has thrust a new reality upon us and OA has been able to respond. The technology of a virtual convention was challenging and at the same time offered remarkable opportunities. We had speakers from all over the country, attendees from Europe, Central and South America along with our hometown, South Florida crowd. Prepared and practiced, we embraced the challenge of the technology and believe the convention worked smoothly.*

*We had tremendous fun putting the convention together for you and hope your spiritual life, and, thus, your recovery was enhanced by the experience, that some workshop, some speaker, some event moved you. Most importantly we hope you felt welcomed at home, felt that special sense of belonging that comes with a meeting, a fellowship, a convention of Overeaters Anonymous.*

*If you'd like to offer some feedback, feel free to email us at [conventionchair@oamiami.org](mailto:conventionchair@oamiami.org) and thank you again for attending!*
